2(ee) Recommendation †

Applications of TerraVue Using An Oscillating Bank of Spray Heads on DOT and Other Right-of-Way Spray Vehicles

ATTENTION

† This recommendation is made as permitted under FIFRA 2(ee) and has not been submitted to or approved by the EPA.

- It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
- Read and follow all applicable directions for use, precautions and limitations on the product label attached to the container for this product.

Direction for Use

TerraVue may be applied using an oscillating bank of spray heads, based upon manufacturers' specifications for proper application or existing equipment height limitations, for multi-use road maintenance vehicles which are also used for herbicide applications.

Applications can be made with this apparatus prior to emergence of sensitive crops in adjacent areas.

Follow applicable use directions, precautions, and limitations on the EPA-registered labels for TerraVue.
