BASAL OIL T & G

Basal Oil Treatments

DESCRIPTION: Proprietary blend of petroleum distillates and surfactants

PRECAUTION: Keep container tightly closed when handling or storing. Wear personal protection, and wash thoroughly after handling.

SPILL: Prevent spill from entering streams, sewers, and waterways. Use dikes to contain spill. Flush spill area with water spray. Shovel, sweep, or vacuum spill and place in closed container for disposal according to local, state, and federal regulations.

STORAGE: Store this product in a cool, dry, well-ventilated area away from direct sources of heat, sparks, ignition and flames. Do not store near strong oxidizing materials, acids, chlorine, bromine, and hypochlorite bleaches. Protect product from freezing.

FIRST AID:

EYE CONTACT: IMMEDIATELY flush eyes with a directed stream of water for at least 15 minutes while forcibly holding eyelids apart to ensure complete irrigation of all eye and lid tissue. If easy to do, remove contact lenses. GET MEDICAL ATTENTION.

SKIN CONTACT: Wash with soap and water.

(See MSDS, and seek medical attention if irritation occurs.)

NET CONTENTS: 275-Gallon
